SCIENCE MAGIC!

In this presentation, we explore how magic tricks really work. This program investigates the science behind the “magic” of several classic magic tricks. You might learn how to snatch a tablecloth without disturbing the items on top, make a balloon fireproof, and use electromagnetism to defy gravity. For the grand finale, our educator demonstrates how science can make it safe to lie down on a real bed of nails.

Free - Tuesday, July 12 6:30 p.m.

At the Eastham Senior Center

1405 Nauset Road, Eastham

Sponsored by the Friends of the Eastham Public Library
