

MAKING SPACE FOR POLLINATORS

WITH JERRY SCHNEIDER

Enjoy a slide show of butterflies, bees and bats that help to pollinate our orchards, backyard gardens, and rain forests. Learn how to build and maintain habitats that help pollinators, and what flowers to grow in our gardens to attract butterflies and bees.

After the slide show, make your own pollinator tee shirt – either bring your own or get one at the library.

**Saturday, October
19 @ 1:00 p.m.**

**Learn all about
butterflies, bees,
bats and more!**

**Good for families
with children over
age 5**

**Make your own
pollinator tee shirt to
take home – either
bring your own shirt
or get one at the
library**

**Thanks to our sponsors the
Friends of the Eastham
Library**
