

Eastwind~A Cooperative Gallery & Working Studio in the Heart of the Orleans Cultural District

Eastwind Gallery in Orleans is a long standing cooperative of local Cape Cod artists featuring original works of art and celebrating the opening of its 21st season in the heart of the Orleans Cultural District. Artwork varies in subject matter, medium, and style though often influenced by the beauty all around us on the Cape. This exhibit highlights the range of Eastwind's award winning artists in works of fine art in oil, watercolor, pastel, acrylic, and photography.

Eastwind's atmosphere is intimate and unpretentious, and a visit to the gallery will often find our members working in our onsite studio. Visitors learn about the creation process and have the opportunity to interact with our artists.
